Overview

Registration involves Filipinos and resident aliens providing the prescribed demographic and biometric data to a registration officer using a registration kit at a PhilSys Fixed Registration or Mobile Registration Center, in order to be included in the PhilSys and to be allotted a PSN and other credentials. Applicants who have pre-registered can provide their pre-registration reference number to retrieve their demographic data from their earlier submission. The process involves validating the demographic data provided against supporting evidence (e.g. IDs or an introducer) on the front-end (i.e. by a registration officer) and de-duplication of the applicant against the records of registered persons on the back-end. Supporting evidence is scanned and recorded for audit purposes, and may be subject to cross referencing against source data (e.g. passport records at DFA). A transaction number and slip for the registration is provided to the applicant so they can track the status.

CONTINUE

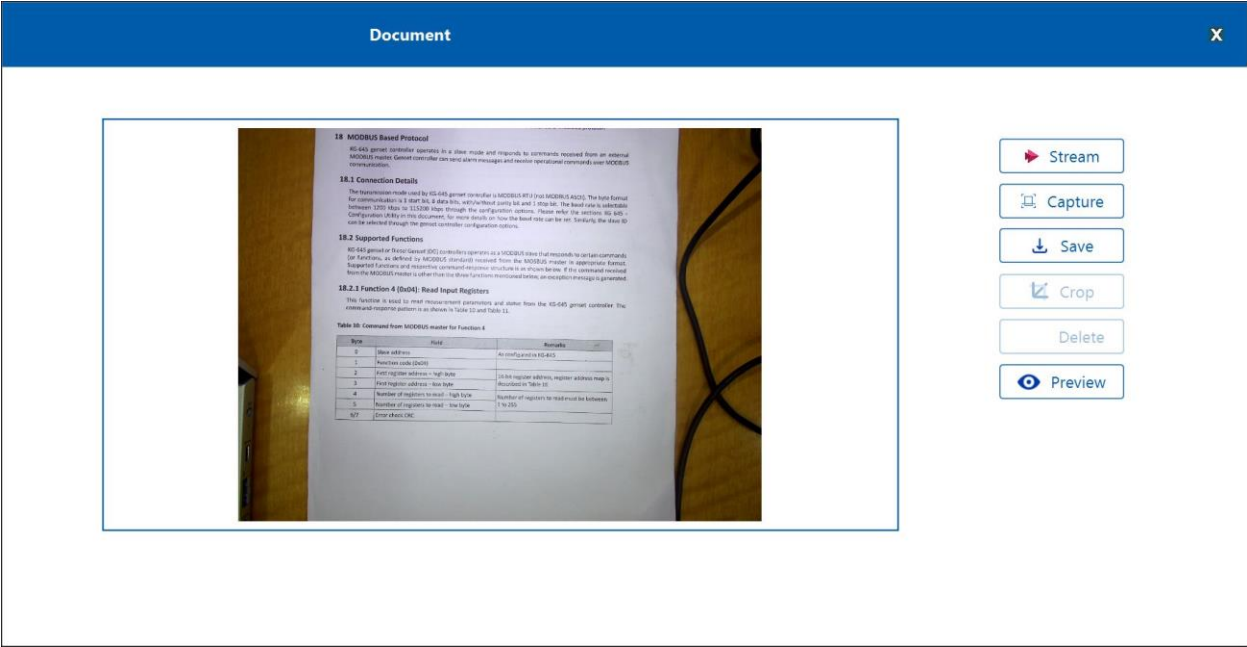

Upload documents:

After providing the Demographic details, required documents have to be uploaded. To proceed further click on continue button. It will redirect to the Document Upload screen.

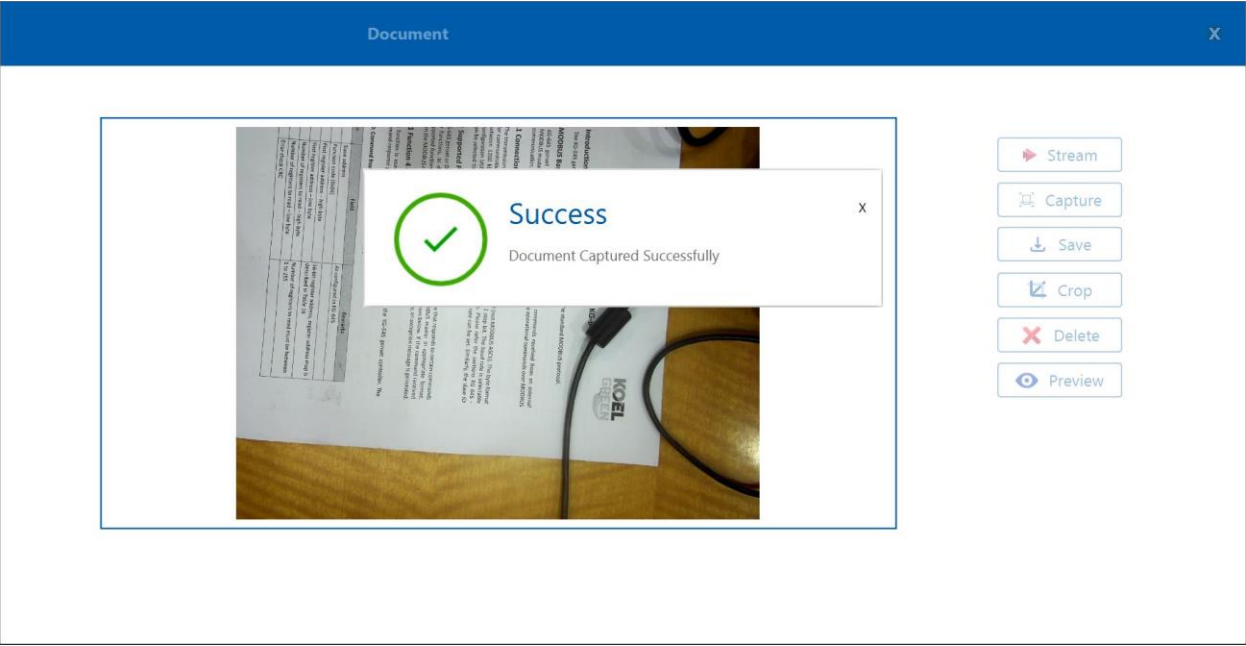

The screenshot shows a web application interface for uploading documents. The top navigation bar includes a home icon, a user profile icon, the text '110014 110014', a location pin icon, 'PSA Ilocos Sur', a status indicator '10002', and a 'System Offline' button. The main navigation tabs are 'Home / New Registration', 'Demographic Details', 'Upload Documents' (active), 'Biometric Details', and 'Authentication'. The 'Upload Documents' section contains a 'Selected Scanner' dropdown set to 'S600 2'. Below this, a message states 'Allowed document type is PDF and Max size 1 MB'. There are two document upload sections: 'Address Proof' with a 'Ref Number' field and a 'Barangay Clearance/Bar...' dropdown, and 'Identity Proof' with a 'Ref Number' field. Each section has a scan icon button. A large empty box is present on the right side of the form. At the bottom, there are 'BACK' and 'CONTINUE' buttons.

After choosing document category type and gave ref number you need to hit scan icon. It will display Document scan prompt. Where you need perform stream, capture, preview, crop, save actions .

➤ Successful update status of “Document Upload”

Biometric Details:

After Successful document update, biometric details like IRIS capture, face capture, fingerprint has to be captured for whom the Registration is going on.

➤ Biometric Page for capturing the below Details of Residence

The screenshot shows a web application interface for capturing biometric details. The top navigation bar includes a logo, user ID '110012 110012', center name 'Center Souissi', a session ID '10003', and a 'System Online' status. The main navigation menu has links for 'Home / New Registration', 'Demographic Details', 'Upload Documents', 'Biometric Details' (which is highlighted), and 'Authentication'. The 'Biometric Details' section is titled 'Applicant Biometrics' and contains three sub-sections: 'Iris', 'Fingerprint', and 'Face'. The 'Iris' section is active, showing a large eye icon with a blue border and a 'Scan' button. Below the eye icon, there are fields for 'Threshold' (60%), 'Quality' (60%), 'Attempts' (1), and 'Exceptions' (1). To the right of the 'Iris' section is a 'Mark Biometric Exceptions' section with a smaller eye icon. At the bottom of the page, there is a 'BACK' button and a 'CONTINUE' button. The 'CONTINUE' button is highlighted in blue.

➤ If all the Biometrics Details are given, then the Page Looks like below. Complete Biometric Details Captured Picture.

Pending approval

After successful RID creation supervisor need to approve the packets. As a supervisor please tab the “Pending Approval” option from the Home page. It will lead to the list of successful packet screen where you need to select the packet and hit approve from the right most top corner.

The screenshot shows the 'Pending Approval' page of the PHILSYS system. The page has a blue header with the user's name '110014 110014', the location 'PSA Ilocos Sur', and the system status 'System Offline'. The main content area is divided into two sections. On the left, there is a table with columns for 'SL ...', 'Registration ID', 'Registration Date', 'Operator ID', and 'Status'. The first row shows a registration ID of '10002100040000620201225140921' and a status of 'Pending'. On the right, there is a 'PHILSYS TRANSACTION SLIP' for the 'Republic of the Philippines PHILIPPINE STATISTICS AUTHORITY'. It includes the registration center 'PSA Ilocos Sur', the test result 'TEST ETST EST', and the transaction number '10002100040000620201225140921'. A QR code is also present. At the bottom, there is a note about the transaction slip and an 'Authenticate' button.
